Briefs.

—Regular meeting night of the Temperance Society.

—The county board of supervisors will meet in special session at ten o'clock to-morrow morning.

—The Catholic band left on the 12:35 train via Freeport, for Dubuque, to attend the military encampment.

—Bashaw Gold Dust, sire of Johnson the fastest pacer in the world, will be driven on the track each day of the races.

—The jury in the Luckowquest case met this morning, but adjourned one week without taking any further testimony.

—Mr. Cannon is building a new rostrum for his music hall, and will have it completed in time for the St. John-Baptist musicals, on Wednesday evening.

—Sheriff Harper went to Waupun to-day, having in charge Bart Lefler, sentenced to four years imprisonment, and Edward Broderick, sent up for two years.

—Remember the musicals to be given at Cannon's hall next Wednesday evening by Mrs. St. John and Mrs. Bintliff. The program will be full of interesting numbers.

—An adjourned meeting of the Janesville Anti-horse thief society will be held at the court house this evening at 7:30 o'clock. A full attendance of members is requested.

—Mr. D. Lavery is in town and will make a thorough canvass for the sale of his patent broom hanger. This is a new invention and very useful, and should be in every family. Try one.

—Complaints were made in the municipal court this afternoon against Peter Dolan, for keeping his saloon open on Sunday, and against O. C. Pell, for selling liquor on Sunday. Now, then, we shall see about enforcing law.

—Mr. George Charlton now handles the ribbons over the dandiest team in the city—a beautiful span of dapple grays, handsome enough for a president, and George feels almost as proud of them as he does of his "best girl."

—A number of Janesville Odd Fellows will visit Milton this evening, for the purpose of assisting in the establishment of a new lodge of the order in that village. Grand Master Hudson, of Madison, will be present and conduct the exercises.

—The divorce case of Willis F. Moore against Alice Moore is occupying the attention of Judge Bennett's court to-day. Messrs. Winans, Fothergill & Joffis are the plaintiff's attorneys, and Messrs. B. F. Dunwiddie and William Smith for the defendant.

—Our city will be full of strangers this week, should the weather prove favorable. The races on Tuesday, Wednesday and Thursday, and the state convention of the Catholic temperance societies on Wednesday and Thursday, will draw large numbers of people to the city.

—The Fourth of July finance committee are at work to-day, collecting funds for the expenses of the celebration, and are meeting with very good success. Everyone should contribute something, in order that Janesville will not be behind other cities in providing entertainment for visitors.

—A social party will be given by La Prairie Grange No. 73, at La Prairie grange hall, on Friday evening, June 20th, 1884. Floor managers, Norman Parker, La Prairie; Bert Parker, Janesville; Frank Wetmore, Bradford; Joe Bear, town of Janesville. Music, Anderson's full band. Tickets, including supper, \$1.50.

—A concrete cross-walk is being put down to-day across Main street, north side of East Milwaukee. Mr. Haskell is overseeing the work. Many people who stop to inspect the work as it progresses, have their doubts concerning the durability of such walks, but there are skeptics in every community. The boss invariably talks them to wait and give it a trial.

—Patriotic boys should be very careful not to get themselves into trouble by firing firecrackers and torpedoes before the Fourth of July. There is a law against such practices, and Marshal Hogan might accidentally lay his heavy hand on your coat collar, when you least expect it. Therefore, be careful, and save your ammunition for the great day we all celebrate.

—H. D. McKinney has sold and shipped his fine pair of carriage horses to Senator Ramsey, of Minnesota. We believe them to be the best pair of carriage horses that have been sold from our city.

Mr. McKinney has also sold, to a party in Chicago, his brown gelding "Ira E," sired by his Almont, for \$300; and to another party in Chicago a handsome bay gelding for \$250.

—A lady was talking to the children in the temperance school Saturday about the different kinds of drink. She said you know, boys, the fishman drinks whiskey, the German drinks beer and then wanting to know who drank cider she asked: "What do children in the country like to drink. A little fellow in the back part of the room jumped up and shouted, "Milk!"

—Rev. D. B. Jackson, pastor of the Congregational church of Emerald Grove, conducted the meeting at the Young Men's Christian association rooms, yesterday afternoon, in a very acceptable manner. The meeting was well attended, and was interesting and profitable. The management of the Young Men's Christian association, at the present time, merits the hearty support of christian people in the city.

—The Fourth of July committee held a meeting in the council chamber on Saturday evening, but did not transact much of any business. At the suggestion of its members, the committee on display and decoration, was reorganized and now is made up as follows: Messrs. J. A. Deniston, L. B. Heimstreet, R. H. Bestwick, and E. V. Whiton. The meeting adjourned until Wednesday evening, when the finance committee is expected to report, and arrangements will then be made accordingly.

—On Saturday evening about six o'clock, Ex-Alderman J. H. Barrus was driving home in his open buggy, having with him Mr. Charles Ott, who was leading a colt. When near the Tallman laboratory on Pleasant street, the colt, in a playful run, jumped into one of the wheels, smashing the wheel and overturning the buggy, breaking the hind axle, and some portions of the harness. The buggy was made almost a complete wreck, and Mr. Ott received some bruises on his limbs.

—A large crowd of people gathered on Milwaukee street bridge on Saturday evening, to witness the life struggle of a little colt, which was swimming for its life against the strong river current. The little thing got into the river near the lower bridge, and being frightened and almost blind, started up stream. A boat and ropes were procured, manned by some good men, and the colt was soon rescued and safely landed on the west shore. It belonged to Mr. Owens, of Cedar.

—A notice appears elsewhere in this issue from Galtbraith Brothers, who find it necessary to caution all parties against trespassing on their pasture near the fair ground, or of interfering with their ponies and other stock therein enclosed.

The recent conduct of some grown-up lads, who ought to have known better, has made it necessary for them to issue notice under penalty of arrest. Parents and guardians of children should see that their young hopefuls do not render themselves liable to fall into the marsh's hands.

—Mr. Fred Clemons, chief clerk in the grocery store of I. O. Brownell, met with quite a painful accident on Saturday afternoon, spraining his right ankle quite seriously. At the time the alarm of fire was sounded, Mr. Clemons hurried to the street to care for Mr. Brownell's horse, used on the delivery wagon. He drove the animal around the corner into Milwaukee street, and while driving around, the seat flew up, throwing him to the ground, striking in such a manner as to sprain his ankle as stated. He was taken home, where he will probably remain for some days, although he says he will be out in time to take part in the Fourth of July procession.

—The Races.

To-morrow will be the opening day for the June races in this city, and the managers flatter themselves that they will show the public the best meeting ever held in this city. The horses have all arrived in the city and visiting horsemen say that the horses entered are faster and more evenly matched for speed than at any meeting they have attended. In the 3 minute race to-morrow there are ten entries, and every heat will be trotted before 2:35. It will be as good a contest as will take place during the meeting. The 2:30 race also comes off to-morrow, and it is about as difficult to pick the winner in this as the other one. One of the horses in this class trotted the last quarter in 34 seconds, a 2:10 gate, this morning, and he is not the favorite either. The horse that wins will have to beat 2:25.

A few of the breeders in this locality think they are promising two year-olds and they are going to lead them to-morrow to see which has the best one.

Those who admire fine horses and good speed, should not fail to attend the meeting and give the managers some encouragement for the expense in securing them so good a show.

—Origin of Ammonia.

Ammonia is obtained in large quantities by the putrefaction of the urine of animals.—Encyclopedia Britannica.

Every housekeeper can test baking powders containing this disgusting gas by placing a coin of "Royal" or "Andrews' Pearl" top down on a hot stove until heated, then remove the cover and smell. Dr. Price's Cream Baking Powder does not contain Ammonia, Potash, Soda, or Bone Phosphates. Prove it by two above test. It is prepared by a Physician and Chemist with special regard to cleanliness and healthfulness.

—Give the Angels Time.

"Come, Johnny, hup, up and say your prayers and go to bed."

"Oh, don't hurry me, auntie; give the angels a little time."

"Why, what do you mean, my boy?"

"I mean that the angels have got to have a little time to come down and hear me pray."

"His auntie waited and Johnny gave the angels plenty of time."

—Everything Booming at the Fair.

A large number of the most prominent trotters in the world have already taken up their quarters at the ground, and are in fine shape. Together with the arrangements for entering to the wants of the public are refreshments of all kinds on the grounds; a good square meal for 25¢, and other things in proportion.

J. P. Worthington has a reputation for catering and has the privilege, and will do the occasion justice. Come straight to the grounds and get your meals.

Old and young unite to attest the merits of Atthophrone, the great specific for neuralgia and rheumatism. Here is one letter of a thousand. It is from Oswald Williams, of Birmingham, Ill.: "I took your Atthophrone as directed, and it helped me wonderfully. I have been troubled with rheumatism for over twenty years in some part of my body. For twelve years, it has been in my left leg and hip. The last two, I could not walk about the house without a cane. If there is anything in the world to help rheumatism, I think it is your medicine. It seems almost incredible. I am almost seventy—almost ninety. My health otherwise is good."

—Municipal Court.

Burt Lefler, who was convicted of stealing a horse belonging to the Nelson brothers, some time ago, was to-day sentenced to imprisonment in the State prison for the term of four years, at hard labor, the first five days of May, 1885 and of May 1886, to be spent in solitary confinement.

William Norton, an intemperate painter, building from Milwaukee, was sent up for five days to sober off, after listening to a few pertinent remarks from the judge as to the relaxing effects of too much indulgence in intoxicants.

Temperance Work.

In a pleasant room on Milwaukee street, Saturday afternoon, from seventy-five to one hundred children were gathered for instruction in the temperance school. Having a desire to know what was being done in the way of juvenile temperance work, a representative of the Gazette found his way to the school, and was pleased to note the interest manifested, not only by the little people, but also by the ladies who so generously donate their time and energies for the good of the children.

Mrs. J. H. Kinney, has charge of the school, and displays wonderful tact in her methods and management. She is assisted by about twenty ladies, composing as active and competent corps of teachers as can be found in any school. The exercises are varied and interesting. After the opening service, which consists of responsive readings, singing and prayer, a temperance lesson is taught, the school being divided into classes. General exercises follow, when the blackboard and other lessons are freely used. Mrs. Della Collins explained to the children, in a clear and simple way, the processes of distillation, and Mrs. C. A. Clark presided at the blackboard in a manner that exhibited a peculiar facility rarely possessed for this kind of work.

The school is a success, and the ladies of the Women's Christian Temperance Union are working in the right channel for temperance reform. With the generation class behind us has the underlying sentiment, which with its gradual unfolding, shall mould our morals and make our laws, not many years hence.

More than radical prohibition, which just now squanders much of its time in winking at the republican party, and throwing mud at its candidates, is the quiet work being done in many silent ways, having for its aim a broader, more intelligent and Christian view of life's responsibilities. Thoroughly impress upon the mind of any young man the fact that life is worth too much to fool away with drink, and you not only have a temperance man, but you have helped to prepare for the journey of life, a man whose influence will be felt and appreciated, and whose work will mean elevation, and a higher moral standard, broader the base, and instead of the single life, extend the influence to the lives of the children and young people of our land, and before the dawning of the nineteenth century not only temperance reform but many other great questions of moral reform will be settled beyond dispute.

Along this line the ladies are working in the Saturday afternoon school. They are entitled to encouragement and help, and the people of Janesville will not be slow in showing their appreciation.

—The Funeral of Mr. Frank A. Lawrence.

Yesterday afternoon at three o'clock the funeral service of the late Frank A. Lawrence took place at the home of the deceased on Bluff street. The attendance was one of the largest ever seen at a funeral in this city. The Rev. W. F. Brown, in the absence of Dr. Hodge, officiated at the service, and in his brief address paid an especially beautiful and well-deserved tribute to the character of the deceased. Among the many silent and tender expressions of regard for the dead and sympathy for the bereaved relatives, were numerous contributions of flowers and floral designs. Music a la house and at the grave was furnished by a quartet composed of Mrs. S. John and Mrs. Conrad, Mr. Bladon and Mr. Smith. The pall-bearers were Emory Patch, Dr. E. E. Loomis, C. B. Conrad, S. C. Barnham, J. L. Croft, F. G. Stevens. The remains were taken to Oak Hill for interment, and was followed thither by an exceedingly large concourse of mourning and sympathizing friends.

The people's remedy for Biliousness, Constipation, Piles, Sick Headache, Jaundice, etc., is Allen's Bile Beans, a purely vegetable liquid remedy; large bottle, 25 cents. At all druggists.

—The Base-Ball Game at Beloit.

The Beloit Free Press, of Saturday gives the ball game this and off:

The Beloit base ball club won great victories yesterday, the College club being up the Janesville Mutuals to the tune of 20 to 11, and the High school club covering over the Clinton Junction boys with a score of 21 to 3.

The College game was played on the campus and was witnessed by a large and interested gathering. The home nine went to bat and put in a run the first inning while the Mutuals made three runs. The next inning was a whitewash for both. In the third the Beloit made 3 runs and the Mutuals 2, and in the next the Beloit got in 3 more and "goose egg" the visitors. The lead given was kept by the College boys and gave them an easy victory. Good batting did the work.

As soon as the Mutuals felt behind they commenced to squeal, and kept up their faint finding through the game, disgusting the crowd.

Richardson, of the old Beloit, injured the game.

Turner and Rosenthal, the pitcher and catcher of last year's Clippers, filled those positions for the college nine, and played very nicely.

The score by innings was as follows:

Innings	1	2	3	4	5	6	7	8	9	Total
Janesville	0	0	0	0	0	0	0	0	0	0
Beloit	0	0	0	0	0	0	0	0	0	0
Total	0	0	0	0	0	0	0	0	0	0

Strike out—Janesville 1; Beloit 2.

Base on balls—Beloit 3; Janesville 5.

Home runs—Whiteland, Lansing.

Two base hits—Smith 3.

Two base hits—Lansing, Broughton, Will.

Errors—Beloit 1; Janesville 3.

Umpire—J. P. Worthington.

In another part of the same paper we find the following "kick" from the Free Press:

There is one thing which must be said of the Janesville Mutual base ball crowd, they were the worst lot of "kickers" who have ever played there, and took their honest defeat with the worst possible grace.

Mr. Free Press, you are away off your base; it is a well-known fact by all the sporting men from Kalamazoo to Koshkosh, that the champion "kicker" resides in Beloit, and when you talk about the Mutuals "kicking" at Beloit, you ought to drop on to your home club sometimes when they are out. Our Mutuals are very modest when placed in comparison. Therefore, remembering your own failings, don't be too severe on our boys when you have a "put up" deal on them.
